SPENCE IS LOSER IN A THIEF CHASE

Man Gets Away With His Watch and Loses Him After a Race of Six Blocks Through the City.

Thursday afternoon while Frank Spence was standing on the corner of Second and Stanton streets a Mexican feigning intoxication bumped into him.

After the collision Mr. Spence missed his gold watch, an imported timepiece.

When the watch was missed the Mexican was still nearly resting against a post, apparently having trouble in keeping on his feet.

Mr. Spence started for him when all evidence of intoxication disappeared. The Mexican led Mr. Spence in the race to the corner of Sixth and Orange where he vanished.

Mr. Spence reported the loss to the police and mounted men and detectives were sent out. They failed to locate the man.

Alvino Saenz, said to be a former captain of the Juarez police, and Oracio Pino, also of Juarez, were arrested by mounted policeman W. Simpson and patrolman C. F. Leary Friday morning, following an alleged attempt on the part of the two to carry off a box of shoes.

The box was standing on the sidewalk in front of the A. Mathias wholesale house, Second and Overland streets, when it is claimed that the two

Mexicans picked it up and started walking away. There were 25 pairs of shoes in the box.

PAJAMAS AND SHIRTS ARE CAUSE OF ARREST

Tom Rice and Tom Askin, with several pairs of woolen pajamas and the same kind of shirts, were taken into custody by the police Thursday night.

The pair of pajamas. The articles the police believed came out of one of the G. H. box cars which left the tracks near Marathon Thursday night.

Owner of Factory Where 140 Lives Were Lost Is Fined \$20 on New Charge

New York, Sept. 26.—Max Blanck, one of the proprietors of the Triangle waist company which was swept by fire in March, 1911, with the loss of 140 lives, was today found guilty of having the doors of the factory fastened on August 5, of this year. He was fined \$20.

MONEY EASY IN THE EAST, SAYS COOLEY

Money is easy in the east and New York and Chicago bankers are optimistic about the effect the new currency bill will have upon the banking business of the country, says Winchester Cooley, of the Rio Grande Valley Bank and Trust company, who returned Thursday afternoon from New York, Washington and Chicago, where he talked with the bankers of these cities regarding the outlook for the financial year.

"The New York bankers will lose a part of the deposits of the country banks, which will be required to deposit a portion of their reserves in the original reserve banks, designated by the government. This loss will amount to \$150,000,000 to the New York banks, and may diminish their power in the financial world, as the center of finances of the United States. But that amount is not a great one for the banks of New York, considering the amount of money handled by them. The Chicago bankers are equally reassuring, and all agree that the banking future is a bright one. Money is easy in New York and there are no indications of any but the brightest outlook in the banking circles of the east."

ROOSEVELT ATTENDS PARTY CONVENTION

New York, Sept. 26.—Theodore Roosevelt left today for Rochester to attend the meeting of the Progressive state committee there tomorrow afternoon. The committee will nominate candidates for chief judge and associate judge of the court of appeals, and discuss the policy of the party in the coming campaign. Col. Roosevelt will address the committee at a public session.

Theodore Douglas Robinson, the ex-president's nephew and the Progressive state chairman, accompanied his uncle. The Progressive state committee consists of 175 members. A number of women have membership in the committee, but no vote.

ARTILLERY PRACTICE; NOT JUAREZ BATTLE

The sound of heavy artillery firing Friday afternoon was not caused by a rebel attack upon Juarez. It was simply Battery C of the Sixth field artillery stationed at Fort Bliss, boring holes through targets on the rifle range beyond the fort. The booming of the cannon, plainly audible in El Paso and Juarez, caused some residents to become needlessly nervous.

Serious Catarrh Yields to Hyomei

Be wise in time and use Hyomei at the first warning of catarrh.

Do not let the disease extend along the delicate mucous membrane, gradually going from the nose to the throat, thence into the bronchial tubes, and downward until the lungs are reached and you are in danger of consumption.

Hyomei will effectively relieve all curable forms and stages of catarrh. It is so uniformly successful that it is always sold by Kelly & Pollard on money back if not benefited plan.

There is no other treatment for catarrh that is like Hyomei or just as good. None can take its place, none give such quick relief and sure relief and at so little cost. This treatment is breathed through a pocket inhaler that comes with every original outfit, thus reaching the most remote cells of the air passages, killing the catarrhal germs and soothing and healing the irritated mucous membrane.

Begin the use of Hyomei today and you will soon find that the offensive breath, the droppings into the throat, the discharge from the nose, sniffing and all other symptoms of catarrh are overcome. The complete outfit containing inhaler and bottle of liquid costs but \$1.00. Extra bottles of liquid, if later needed, 50 cents by druggists everywhere.—Advertisement.

Boils Are a Bad Indication

No Time Should be Lost in Purifying Your Blood.

Many people believe boils are a sign of health. It is a sign of sick blood. It is an indication that the circulation is sluggish or loaded with acids and leucocytes to cause breaking down of the tissues.

At the first appearance of pimples and boils the blood should be given a good searching internal bath with S. S. S., the greatest blood purifier known to man.

This remarkable remedy has the peculiar action of soaking through the intestines directly into the blood. In a few minutes its influence is at work in every artery, vein and tiny capillary. Every membrane, every organ of the body, every mucous membrane in effect a filter to strain the blood of impurities. The stimulating properties of S. S. S. compel the skin, liver, bowels, kidneys, bladder, to all work to the one end of expelling out every irritating, every pain-inflicting atom of poison; it dislodges by irrigation all accumulations in the joints, causes acid secretions to dissolve, renders them neutral and scatters those peculiar formations in the skin that cause boils and other skin eruptions.

And best of all this remarkable remedy is welcome to the weakest stomach. In a very brief time S. S. S. has the reconstructive process so under control that remarkable changes are observed. All eruptive places heal, mysterious pains and aches have disappeared, and from head to foot there is a conscious sensation of renewed health. That strange moody, morbid feeling of depression is lifted and the entire system responds with surprising energy.

You can get S. S. S. at any drug store. Beware of any effort to sell you something claimed to be "just as good." If yours is a peculiar case and you desire expert advice, write to the Swift Specific Co., 215 Swift Bldg., Atlanta, Ga.

POSTOFFICE SITE ABSTRACT READY

More Than 30 Days Allowed by Government for Delivery of Mills and Stanton Site Transfer Papers.

Final abstract of title has been delivered to assistant district attorney Robert T. Neill by the Central Investment company for the Mills and Stanton street postoffice site, and this abstract will be forwarded to Washington at once, for the final approval of the secretary of the treasury, William McAdoo.

Winchester Cooley, who has been in Washington with R. F. Burges, to make final arrangements for delivering the postoffice site, returned Thursday afternoon, after being given 30 days additional in which to make all the necessary arrangements for the delivery of the Stanton street corner to the government for the new postoffice site.

This 30 days has not yet started, as it

was not to have come into effect until the written advice of the fact had been received here from the treasury department, Mr. Cooley says. As this advice has not yet arrived, the investment company has a margin of more than a month in which to perfect every arrangement for the delivery of the necessary papers for the transfer of the site.

Mr. Cooley says that the only delay in the delivery of the site was the result of a suit brought against the G. H. & S. A. Railroad company by Messrs. Z. T. White and H. B. Stevens to try title to a part of the proposed postoffice site.

This suit was tried in the 41st court before Judge A. M. Walthall and a verdict for the railroad company was given.

This case was appealed and is now in the civil court of appeals.

The postoffice site has a frontage of 215 feet on Stanton street and 120 feet on Mills street. The site was offered to the government by the Central Investment company for \$60,000.
